

Signage Products

Signs identify your property and extends your brand's image, whether it's a large sign on top of a building, a monument/pylon sign or directional signage, Falcon Signs provides solutions to all your building signage challenges.

3D SIGNS

3D letters, lit or non-lit, make a bold and attractive statement about your business. They proudly advertise the name of your company with great visibility both day and night.

DIRECTIONAL SIGNS

Directional signage are not only functional, but also works to support your overall brand image with visually appealing designs.

DIRECTORY BOARDS

FLEXIFACE SIGNS

IDENTITY / PYLON SIGNS

Pylon signs are essential to any business or residential development as they add a professional look as well as assist people in locating you. Using our in-house design service, we will draw upon years of sign making expertise to offer a sign solution which fully reflects your corporate identity.

SAFETY SIGNS

Safety signs are an imperative part of any public facility. We provide a full range of standard and custom safety signs ranging from standard parking and traffic signs, machinery signs, construction and warehouse signs to electrical sign, security signs, fire and exit signs, industrial, front office signs and many more.
